

Foyle School Library Scheme Guidelines

The Foyle School Library Scheme accepts applications from state funded schools in the United Kingdom. The scheme recognises that there is no statutory requirement for schools to have a library and that many school libraries are in a desperate situation through underfunding and underdevelopment. Encouraging children to read widely from an early age will provide a major boost to improving literacy levels, which is a key educational objective. **You can apply for between £1K and £10K.**

Priority is given to primary schools. We do not consider applications to the Foyle School Library Scheme from nursery/early years only establishments.

Secondary schools are eligible, but primary schools are a higher priority. Given that secondary schools are usually larger than primary schools with more resources, we would recommend submitting a more targeted application (please contact the Grants Team if you would like further advice).

Priority will be given to funding library/reading books. Some funding towards e-readers can be considered if a justifiable need is presented. We will not fund textbooks or curriculum books. The Foundation will also consider contributions towards library software, necessary IT equipment and furniture etc. in order to create a suitable library space, although these should be a minority of the funds requested - the majority of funding should be requested for books/reading materials. We do not generally fund salaries or training costs. Structural building costs will not usually be considered.

Preference will be given to schools which can clearly demonstrate that their library can be maintained and renewed in the future. We will also take into account local deprivation levels, the Ofsted report and current literacy levels at the school when assessing applications. We are keen to support schools that are working in partnership with other local primary/secondary schools to improve reading standards.

Newly set up schools with little track record or detail of literacy needs are less of a priority and we advise waiting until you have this information before applying.

Applications will be strengthened if the PTA/Friends Group can support the project. Please explain if this is not possible. Please note that any grant awarded should be spent within six months of being awarded and copies of purchase receipts will be required. If a grant is awarded it can only be used for purchases after the award date - the Foundation does not award retrospective funding.

If an application is declined, the school is eligible to reapply 12 months after the previous request date.

If an application is approved, the school is ineligible to apply to the Foundation for three years after the approval date due to intense competition for limited funds. If the school has experienced significant change, on occasion we may consider a reapplication before three years, but this should be discussed with the Foundation Grants Team prior to submission.

Please note that we purposely do not have a word limit to allow applicants the space to give us the information necessary to explain the project and the need for funding, but please keep answers relevant, clear and somewhat succinct.
